

CODIB-D-82/19
24 June 1963

UNITED STATES INTELLIGENCE BOARD
COMMITTEE ON DOCUMENTATION

MEMORANDUM FOR: CODIB Members

SUBJECT: SCIPS Progress Report

25X1 1. [] Director/SCIPS, reports that the Stage I Data Base and the Computer Programs will be essentially complete by 1 July. The remaining phases of the Stage I study are: printing out catalogs of the data in various combinations and orders; error detection and correction; analysis of the data; writing the Stage I report.

2. It is proposed to hold an all-day SCIPS session for CODIB members on 16 July in CIA Headquarters. At this session, a summary of SCIPS work to date will be presented as well as a detailed exposition of the organization and composition of the Stage I Data base. A number of the data catalogs will be available for perusal at this session. SCIPS will not have had time to analyze the data and arrive at conclusions or recommendations, but will have made a few summaries of the data by then. The session will give CODIB members an opportunity to gain familiarity with the data base and will further assist SCIPS in orienting their Stage I analysis to areas of concern identified by CODIB members.

3. Special Clearances will be required. It is requested that the names of the individuals who will participate in the all-day session be called in to my office [] by 1 July.
